EAST OREGONIAN SPECIAL NEWS OF UMATILLA CO.

Dr. F. W. Didier Locates at Umatilla

(East Oregonian Special.)
UMATILLA, March 1.—William Willworth has purchased from Arthur G. Means of Vale, Ore., a lot on Sixth street near the proposed site of the bridge across the Umatilla river.

The announcement of Dr. F. W. Didier appears in our city today, announcing the opening of an office for the practice of medicine and surgery, also a full line of prescription drugs. Dr. Didier entered the military service at the commencement of the war and was given his release at the termination of the emergency period. Dr. Didier's wife will soon arrive from Camp Lewis, Wash.

M. C. Burchett was taken seriously ill day before yesterday and Dr. Gale of Hermiston was called. Mr. Burchett was taken to Pendleton on No. 6 yesterday where he will undergo an operation at St. Anthony's hospital.

W. R. Coff has been appointed city marshal. He is right on the job too. He plans on helping the truant officer arrest some careless parents.

Mrs. W. A. Conlon arrived on train No. 18 from an extended visit to relatives in Portland. Mr. and Mrs. W. A. Conlon are moving into their new home, purchased recently from D. C. Chapman.

A. G. Means, of Vale, Oregon, was a business visitor this week.

More real estate deals in Umatilla in the last 40 days than in the previous 40 years.

Umatilla needs a moving picture show, a new garage—a bunch of live ones.

Ukiah Man Receives Praise From Officer

(East Oregonian Special.)
UKIAH, March 4.—Here is a letter written to John Rehburg of Albee, concerning his son Carl who has received his discharge from the army service. It is written by A. O. Davis, lieutenant colonel of Carl Rehburg's regiment at Camp Cody, New Mexico. The letter follows:

In a few days your son Carl will receive his discharge and start for home. He is bringing back many fine qualities of both body and mind, which he has acquired or developed in the military service. The army has done everything it could do to make him strong, fine and self-reliant, yet self-controlled. It returns him to you a better man.

You have seen an important member of that great army of encouragement and enthusiasm which helped to make him and us all better soldiers. You can now be a great help in keeping alive the good qualities he is bringing back from the army in making as good a citizen as he has been a soldier.

His fare and necessary expenses to his home will be paid by the government. He will receive all pay due him and he may, if he wishes, wear his uniform for three months from the date of his discharge. The government will also allow him to keep up for the benefit of his family his insurance at the very low rate he is now paying.

His return to civil life will bring new problems for you both to solve. The qualities he brings will help you, now as your encouragement helped when he was away. And in your hand and his rests the future of our country. As his commanding officer I am proud of him. He has done his duty well, and I and his comrades will bid him good bye with deep regrets and wish him every success after he returns home. That spot in every man's heart no other place can fill.

Horse Dies of Influenza.

HOOD RIVER, Ore., March 5.—While health authority reports indicate an end of its attack on humans, influenza is fatally affecting horses of the Hood River valley. C. D. Hoyt, East side orchardist, lost a valuable Climbing through a broken sash in a

horse yesterday. The animal's team window of an upper story and falling 14 feet to the ground below without injuring himself to such an extent as to awaken from his sleep is the thrilling stunt pulled off by the 6-year-old son of Mr. and Mrs. M. C. Robbins.
